

## Another Country

### Limited Edition

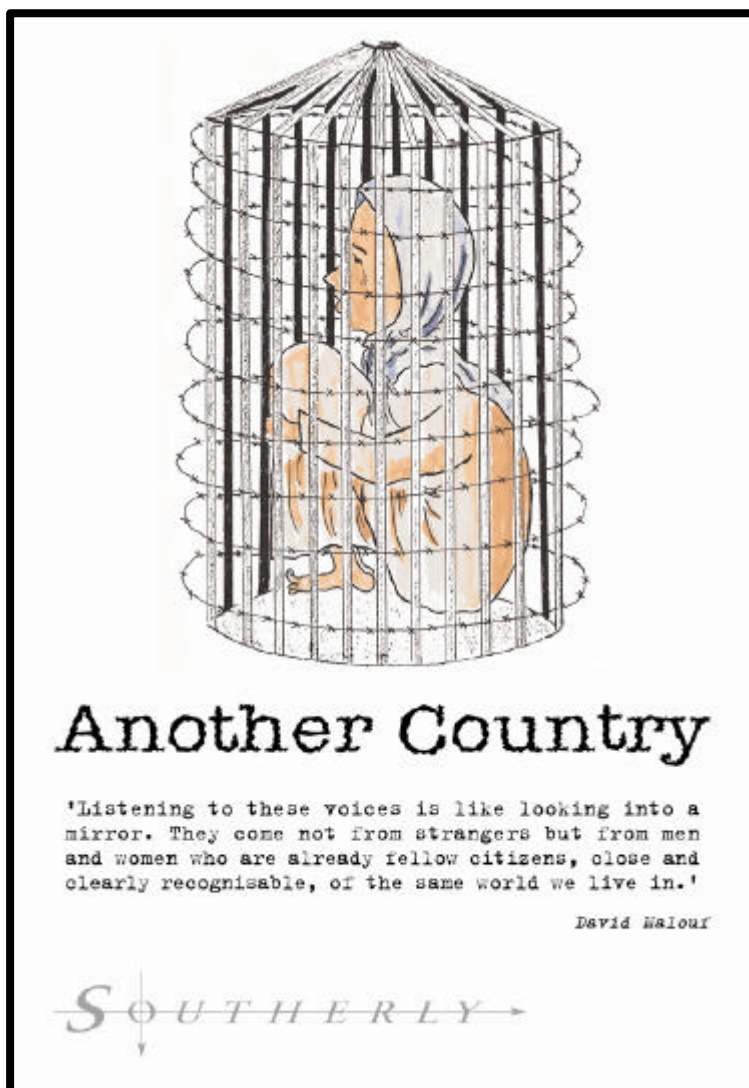

This stunning and unforgettable collection of refugees' writing has been brought together by Rosie Scott and Thomas Keneally on behalf of Sydney PEN.

Contributors include distinguished Arabic poets and story tellers like Adeeb Kamal Al Deen, Yahia as-Samawi (considered to be one of the best living Arabic poets) and Nasrin Mahoutchi, refugees now living in Australia.

There are detainees Mary Yousefi, Tony Zandavar, Hassan Sabbagh and Rahman Shiri. There are ex-detainees like talented poet Mohsen Soltany and human rights award winner Dr Aamer Sultan.

These are journalists, playwrights, fiction writers, poets and cartoonists whose escape from tyranny in their own countries has made them strong enough to speak out eloquently against injustice here.
