

Stand up for refugees!

CANBERRA CONVERGENCE

TUES NOV 16

THE FIRST DAY OF THE NEW PARLIAMENT

Some asylum seekers still in detention wrote in response to the election result: "Democracy doesn't automatically guarantee justice ... we are also very desperate but what to do? ... We continue with our peaceful protest until we get an answer. We expect your further support."

An increasing majority of Australians disagree with the government's treatment of refugees. This convergence will be an important sign of that growing opposition.
